Dr LaConte

Dear Sir.

The new Certificates of Silver Purchase, will not answer as the Composition is different from the old Ones, and inconsistent with our method of receiving purchases, the Phraseology of the old ones appears to be correct, but the Size and Style of ruling as to width, might be made to correspond with the few Gold Certificates which we had printed by W. Murphy Sons, and a Sample of which I send. The new Gold Certificates are entirely too narrow and the lines too close.

Very Respectfully Yours

[Abstract:] Complaint of the new certificates of silver purchase. 878

Dr. La Conte

Dear Sir,

The new Certificates of Silver Purchase, will not answer as the composition is different from the old ones, and inconsistent with our methods of receiving purchases, the Phraseology of the old ones appears to be correct, but the size and style of the ruling as to width, might be made to correspond with the few gold certificates which we had printed by W.F. Murphy says, and a sample of which I send. The new Gold certificates are entirely too narrow and the lines too close.

Very Respectfully Yours,
